

PRESIDENT PLAGUED BY NEW

—D. W. BOATMAN KILLED—

72nd, O Crash Claims Victim

Darrell W. Boatman, 36, of 447 Steele Ave., became Lancaster County's second highway fatality of 1960 when he was killed in a one-car accident Friday afternoon at 72nd and O.

The state Safety Patrol reported that Mr. Boatman, an insurance agent, was west-bound when his car struck a concrete pillar at the Missouri Pacific overpass which crosses U.S. Highway 34

north of the Veterans Hospital.

He was reported by the patrol to be still alive after the accident, but died on the way to a Lincoln hospital.

Mr. Boatman was the only occupant of the car, the patrol said.

"For a one-car accident, it's the worst I've ever seen," said investigating Trooper Tom Arow who's been with the Safety Patrol 12½ years.

Asked whether an inquest was planned, Chief Deputy County Atty. Paul L. Douglas said, "No." Bernard Wishnow, deputy county attorney who inspected the scene of the accident, said it appeared no inquest would be required. Arow said light rain was falling at the time of the accident.

His death raises Nebraska's 1960 highway toll to 76, compared with 105 at this time in 1959.

A Lincoln resident since 1946, he had lived in Nebraska all his life, graduating from Shubert High School in 1940.

Prior to a 3-year hitch in the U.S. Air Force, he attended Peru State Teachers College for one year.

State Farm He was employed by State Farm Mutual Insurance Company at the time of his death and had also worked for All-State Insurance Co.

He was a member of First United Presbyterian Church, Lincoln Lodge 210, AF&AM and American Legion Post No. 3.

Survivors include his wife, Margaret; daughter, Janet Ann; son, Robert W., all at home; parents, Mr. and Mrs. Gary Boatman of Nemaha, and brother, Loen of Auburn.

Funeral arrangements are pending.

The county counted its first 1960 traffic death May 5 when 5-year-old Steven Craig Helmkamp of Rt. 1, Hallam, fell from a truck in which he was riding. That accident occurred on a county road about one mile west of Sprague, 11 miles south of Lincoln.

Lincoln Man Said 'Fair' After Knifing

A 44-year-old construction worker was listed in "fair" condition at a Lincoln hospital after he was severely cut by a fellow worker Friday afternoon outside a local bar.

Police said Andrew Kelly, who gave his address as the Park-O-Tel, suffered 3 cuts—about 9, 10 and 12 inches in length—across his stomach.

One hundred fifty stitches were required to sew up Kelly's wounds, detectives said.

Lt. Mel Green said police were holding Winston Robinson, 38-year-old ironworker of 1812 Q, on an open charge in connection with the alleged offense.

Green said Robinson admitted the reported pocketknife slashing.

Argued On Work The detective said the men got into an argument at the bar about their work—both are employed at the Hallam atomic electric power plant site.

The man being held claims Kelly struck him with his fist before he cut Kelly, Green said.

Robinson was asked to leave, Green related, and a fight ensued on the sidewalk outside the Tick Tock Bar at 1040 P about 3:50 p.m. after Kelly followed the man being held out.

The knife wielder was arrested about an hour later at the Lodge Tavern at 2135 O.

E. Germans Hear K. Call For Delay

Berlin (P)—Nikita S. Khrushchev told East German communists Friday night a solution of the dynamite-laden problems of West Berlin and divided Germany must await another summit meeting.

The Soviet Premier predicted chiefs of government will meet within 6 to 8 months and said to the laughter of his listeners that he is aware President Eisenhower's term of office will be ending.

Speaking of "marking time" and keeping the German situation in status quo for 6 to 8 months, the Premier declared:

"We shall do nothing to sharpen the international situation and bring it back to the worst times of the cold war."

Hidden Struggle

The Communist leader attacked Eisenhower again and said "a hidden struggle" is going on behind the scenes among American political forces. He said such a struggle could lead to serious developments.

Khrushchev was subdued, sometimes almost somber, as his speech was read in German to 8,000 wildly cheering Communists. His attitude contrasted with the show he put on in Paris this week when he exploded the summit conference with a Niagara of insults for Eisenhower.

While Khrushchev put a brake on the threatening new crisis over West Berlin and Germany, his announcement does not necessarily signal an end to cold war tensions on these issues.

His speech was followed by one from East German Communist chief Walter Ulbricht, who bitterly attacked the United States. He accused Americans of using West Berlin for espionage and sabotage.

This made it appear possible that tensions could be generated by the East German Communists, with Soviet blessing, without Moscow bearing the burden of responsibility before world opinion.

Khrushchev preached caution on the German-Berlin issues. At one point he interrupted the translator to interject that note. Speaking of the German questions, he said in Russian "we do not let this subject out of our sight. Let's wait a bit. It will ripen better."

Farm Bill OK'd By Senate Committee

... \$5 BILLION PLAN SOUGHT

Washington (P)—An election-year farm money bill carrying nearly 5 billion dollars for federal farm programs was approved Friday by the Senate Appropriations Committee.

The committee boosted scores of items over totals previously voted by the House to provide a total of \$4,000,222,683 for regular and special farm programs. It did not reduce any items approved by the House.

Sen. Richard B. Russell (D-Ga.), manager of the bill.

RUSS MARK BROKEN

Uncle Sam scored a new missile triumph. An Air Force Atlas was fired 9,000 miles, hitting the target area. Story on Page 2.

6 Southeast Counties Decline In Population

Six southeast Nebraska counties have dropped in population during the last decade, census figures released Friday revealed.

Johnson County declined about 1,000 residents from its 1950 population of 7,251 residents, and Tecumseh, the county seat declined from 1,930 in 1950 to 1,876 at the present time.

Nemaha County's population was 10,973 in 1950, but lost 1,938, making a total of 9,035. Auburn lost 194 residents since 1950 making the present count 3,228.

Fairbury, county seat of Jefferson County, showed a decline from 6,395 residents in 1950 to 5,543 in 1960. The county's population was

13,623 in 1950, as compared with 11,575 now.

Thayer County lost 1,478 residents in the last 10 years with a present total of 9,085, and Hebron, the county seat, now has 1,905 residents compared with 2,000 in 1950.

Saline County lost 1,543 residents but the population of Wilber, the county seat, remained stationary with 1,356 in both 1950 and 1960. The county now has 12,503; it had 14,046 in 1950.

Pawnee County showed the greatest loss percentage-wise of the 6 counties. Population there in 1950 was 6,744, dropping to 5,322 today. Pawnee City lost 268 residents leaving a total of 1,338.

However, in the western part of the state, census figures showed that North Platte had grown from 15,433

to 17,092 during the decade, and Lincoln County grew from 27,380 to 28,521.

In Lincoln County, however, smaller towns declined in population. They include Brady, Hershey, Maxwell and Wallace. Sutherland showed exactly the same number as in 1950—856.

York declined from 6,578 in 1950 to 5,953, and Falls City slumped from 6,210 to 5,580. The York County population also declined from 14,646 to 12,470.

Unofficial figures for York County showed declines in the towns of Waco, Benedict, Bradshaw, Gresham, McCool Junction, Thayer and Lush-ton. Henderson showed a slight gain.

AF Plane Lands In E. Germany; 8 Held

... Capital Gives Ike Warm Welcome Home

By William Theis Washington (UPI)—President Eisenhower, warning of more communist "irritations," returned home from the wreckage of the Summit conference Friday and immediately was confronted with a new U.S. plane incident.

A "welcome Ike" throng of 300,000 turned out to cheer the President. But the celebration was chilled by the communist seizure of an unarmed C47 transport which crash-landed in East Germany. Apparently less than 20 miles inside the Red border.

The C47, which went down less than 3 weeks after the U2 in Russia, carried a crew of 3 and 5 passengers, one of them a woman. The communists promptly arrested them but reported all were unharmed.

Talks To Airport Crowd The President's jet had scarcely touched down on the flight from Portugal when he told an airport crowd of about 3,000 that he had learned only a half hour before that the "unarmed, slow plane" was missing.

The C47, which fell into Red hands less than 3 weeks after Russia captured America's U2, carried U.S. Air Force markings and is a type which is familiar sight on European Airways.

Mrs. Eisenhower was in tears as she kissed her husband, who had been subjected to vitriolic attack by Khrushchev—the kind of attack that was particularly galling to the proud former 5-star general.

But such memories seemed to be washed away for the time being by the thunderous greeting the President received from the airport throng and the crowd that lined Washington streets up to the White House.

The president, who obviously was heartened and buoyed, said it was difficult to say just why Russia chose this time to sabotage the Summit meeting it had sought so long.

Mrs. Eisenhower was in tears as she kissed her husband, who had been subjected to vitriolic attack by Khrushchev—the kind of attack that was particularly galling to the proud former 5-star general.

But such memories seemed to be washed away for the time being by the thunderous greeting the President received from the airport throng and the crowd that lined Washington streets up to the White House.

The president, who obviously was heartened and buoyed, said it was difficult to say just why Russia chose this time to sabotage the Summit meeting it had sought so long.

Unarmed AF Plane Strayed

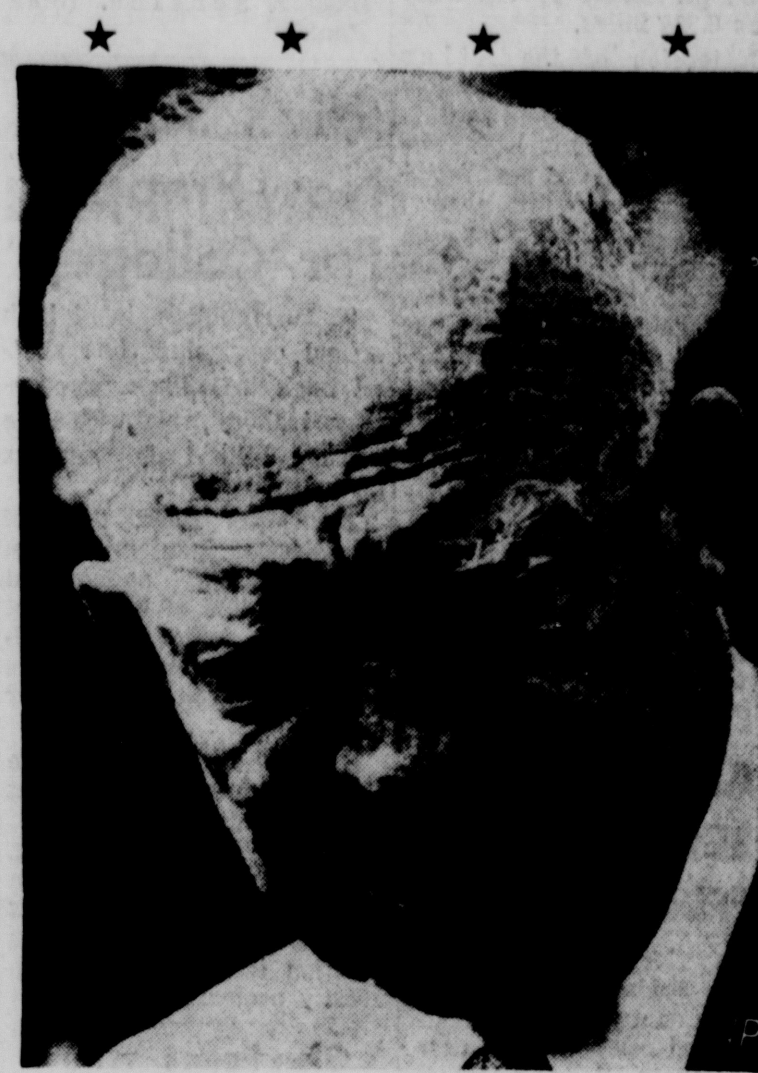

Wiesbaden, Germany (P)—East Germany police reported Friday night a U.S. Air Force transport made an emergency landing Friday on communist soil and they seized 7 men and a woman who were aboard.

The American Air Force said the plane was unarmed and had strayed off course. A new round of East-West recriminations seemed likely. It seemed possible that new charges of espionage might be raised against the United States in the wake of the explosive U2 spy plane incident.

During the day Soviet Premier Khrushchev in a manifesto to cheering East German communists was still exploiting his version of the U2 spy plane incident as an arm of American aggression.

The twin-engine C47 transport disappeared after taking off at midday from Copenhagen, Denmark, for Hamburg on a route close to the Iron Curtain. The U.S. Air Force said 9 persons were aboard.

The police said the plane made an emergency landing at the village of Brunshagen, near the West German border and Baltic coast and that the 7 men and a woman had been arrested and taken to Grevesmuhlen for questioning.

PRESIDENT GRIM ON RETURN

—ANTELOPE DAM—

Hruska To Make Bid For Funds Restoration

By Don Walton New efforts to restore funds for Antelope Creek Dam land acquisition this session will be made in the Senate Appropriations Committee by Sen. Roman Hruska.

That was the word from Rep. Phil Weaver and Salt-Wahoo Watershed Secretary Robert Crosby.

Crosby, surprised and sharply disappointed at House Appropriations Committee action Friday declining to approve funds for land acquisition at this time, told The Star:

"Not Ready"

"We are not ready to accept the idea that Antelope Creek Dam is now not feasible."

"We are prepared to argue this point with the U.S. Army Corps of Engineers." (District Engineer Col. David Hammond suggested Friday that the Antelope Dam "will not be feasible for construction." (See Page 3)

The House Committee, in turning down funds for land acquisition, gave the okay to the President's budget request for \$162,000 for further planning in the Salt-Wahoo project.

Rising land costs in the Antelope Creek area had been cited by Salt-Wahoo officials and Rep. Weaver as reasons for the need for immediate land acquisition funds.

An additional appropriation of \$800,000 has been urged for that purpose.

The U.S. Army Corps of

Engineers will report on the Antelope Creek Dam project at an organizational meeting of the Salt-Wahoo Watershed District next Wednesday.

The session is slated for 10:30 a.m., at the Cornhusker Hotel, Salt-Wahoo Secretary Robert Crosby announced Friday night.

Weekend May Give Rain Relief

Some relief from thunderstorms and rains which soaked most of the state Thursday and Friday is in sight for the weekend.

Partly cloudy skies with warmer temperatures are expected Saturday with highs in the 60s east to 70s west.

Lincoln received 2.27 inches of rain for the 32-hour period ending at midnight Friday making a total of 4.33 inches for the month and 11.96 for the year. Although both of these figures top the normals, May was much wetter in 1959 when there had been 6.32 inches of precipitation to date.

Scottsbluff and Chadron reported the state high of 68 Friday and also the low of 32.

Lincoln's Friday high was 53 and low was 47.

Precipitation as reported by the U.S. Weather Bureau, the Lincoln Telephone and Telegraph Co. and Lincoln Star sources was:

1.30 a.m. (Fri.)	54	2:30 p.m.	49	Ashtabula	1.29	Nebraska City	.44

Atlas Fired Third Of Way Around World

Russ Mark Is Broken

Cape Canaveral, Fla. (AP)—The Air Force fired an Atlas missile more than a third of the way around the world Friday in a spectacular demonstration of the range, power and accuracy of this big U.S. military rocket.

The epochal 52½-minute flight carried the Atlas 9,000 miles to a pre-selected target in the Indian Ocean southeast of the tip of South Africa. It was the longest surface-to-surface missile flight on record, exceeding the 7,760 miles claimed by the Russians for a rocket they launched into the central Pacific last January.

The longest distance covered previously by the Atlas was 6,325 miles.

Extension of the Atlas range to 9,000 miles would bring more targets within reach and permit U.S. missile bases to be located farther from any potential enemy.

For example, the 6-325-mile Atlas now stationed at Vandenberg Air Force Base, Calif., could reach only the northern two thirds of Russia. The added range would cover all of the Soviet Union.

The Air Force, jubilant over Friday's success, announced the Atlas achieved all test objectives in dropping its nose cone in the intended impact area 1,000 miles southeast of the Cape of Good Hope. An official reported the missile flew a true course all the way.

CASS, SARPY DECISIONS AFFIRMED

The Nebraska Supreme Court Friday affirmed the Cass County District Court in a land condemnation case.

The State Highway Department had appealed an appraiser's award to district court. The case was tried in district court resulting in a verdict for Karl F. Albert et al., the defendants who carried the appeal to supreme court.

The Sarpy County District Court was upheld in an accident injury suit ruling for defendants Bob Hunter and Glen Miller.

The suit was brought by Mrs. Nola K. Henry for her son, Thomas Markey, who was injured in a truck-car accident on U.S. 73-75 north of the Platte River bridge in Sarpy County on June 8, 1956. Miller was driver of the truck owned by Hunter. A jury returned a verdict for them.

Incorporation Data Filed By Gravel Outlet

Articles of incorporation were filed with the Nebraska secretary of state's office Friday by the Morse Bluff Sand and Gravel Co., Morse Bluff.

Incorporators were Albert Buchholtz and Albert S. Hines, both of Morse Bluff, and Darrell R. Dykman of North Bend. The firm was authorized to issue \$24,000 in capital stock.

Other filings, including amounts of capital stock authorized (except for non-profit associations):

Nebraska State Assn. of Life Underwriters, Omaha; Lloyd H. Perry of Hastings and Richard A. Peters of Omaha; non-profit.

Gypsum Drywall Contractors of Nebraska, Inc., Omaha, to promote the industry; George H. Barnett Sr., Vernon Cagle, Arlys L. Tompkins, Clarence J. Bartlett Jr., Donald L. Hill and Eugene R. Cox, all of Omaha; non-profit.

Western Bowl, Inc., Millard; Kenneth Graham of Millard and Victor A. Miller of Ashland; \$100,000.

Doctor Honored

Dr. P. C. Marvel of Giltner was honored Friday night by the Cotner School of Religion for 50 years of medical service. (Star Photo)

'High School Now Prepping For College'

"The emphasis in high school curriculum has shifted back to college preparatory training, although the schools still train students for vocations."

Dr. Mina Rees, dean of faculties at Hunter College, New York City, pointed out that with 40% of high school graduates going on to college, a new emphasis has been placed on training for college.

Dr. Rees spoke to the spring meeting and banquet of the Nebraska Schoolmasters Club Friday evening, which was attended by about 75 school superintendents from all over the state, in addition to college and university professors.

Glen Peters, Wife Get \$1,800 Damages

Mr. and Mrs. Glen Peters of 1025 No. 11th were awarded \$1,800 damages from Otis Glebe of 825 C by a Lancaster District Court jury.

The Peters alleged Glebe entered their former home and had carried away and converted to his own use \$2,500 of their belongings. Glebe contended the Peters owed him \$155 back rent.

CARMICHAEL

Apparently, Local Man Has 2 Wives 2 Homes, 2 Jobs

Police are investigating the case of a 46-year-old Lincoln man who apparently has two wives, two homes and two jobs.

Whether the man is legally married to both women has not been determined, police said. But both use his name and he reportedly has children by each.

The two women live about a mile apart and apparently know of each other, police said. One woman is 45 and the other 36.

The case came to light when one of the women was contacted regarding delinquent personal property taxes which apparently were due from the other woman. A further check revealed two personal property tax returns from the man but with different addresses and different wives' names. The man listed the same age and occupation on both returns.

No charges have been filed against the man and police said the investigation will continue.

Application Received By Local Radio Group

Washington (AP)—The Communications Commission Friday received applications for new radio stations, including:

Lincoln, Neb. — Modern Air Communicative Electronics Inc., Box 4641, State House Station, Lincoln, for 1530 kilocycles, one kilowatt daytime.

Gov. Ralph Brooks Friday announced the appointment of 15 persons to the Governor's Advisory Flood Control Committee and said he expects to name the balance of the committee on or about June 1.

This is the initial step taken as a follow-up to the May 3 flood control conference called by the governor following the spring floods.

Robert B. Conrad, administrative assistant to the governor, described it as a "co-ordinated program for soil and water conservation, reclamation, watershed protection and flood control planning for the whole state."

Brooks said it is an effort "to bring some order out of chaos which we had to do with nothing last spring when the floods came."

"We're trying to prevent the near tragedy and the actual disaster which Nebraska suffered," he continued.

The advisory committee, expected to hold its first meeting sometime in June, will work with State Water Resources Department Director Dan S. Jones Jr., and Warren Fairchild, executive secretary of the Soil and Water Conservation Committee to formulate a program.

Persons appointed to the committee Friday were those whose names were submitted to the governor by these representative agencies:

Lloyd Briard of Schuyler, Platte River Drainage District; James R. Smith of Omaha, Mississippi Valley Assn.; Paul L. Harley of Grand Island, U.S. Department of Interior Bureau of Reclamation; Harold Wagner of Scribner and Herman Appleby of Elk City, representing group in area from Cumming County to mouth of the Elkhorn; William Raemakers of Columbus, Loup River Public Power District; Raymond B. Berrit of Spalding, Nebraska Water Users Assn.; William Barbee of Lincoln, Game, Forestation and Parks Commission; Robert L. Zink of Lincoln, Agricultural Conservation Program; Raymond Tonjes of Winslow, Winlow Village Board; John C. Steele, Lincoln, Nebraska Conservation Contractors Assn.; John Zimmerman of Millard, Clarence Henkel of Gladstone, Little Blue Watershed Planning Commission; Jack Gardner, Missouri River Division of the Corps of Engineers for Kansas City and Omaha Districts, and John K. McKinney of Grand Island, Mid-State Reclamation Districts.

Bixler Spent \$2,358 In Race For Congress

Monroe Bixler of Harrison, edged in the race for Republican nomination for Fourth District Congressman, reported Friday that he personally spent \$2,358 on his campaign.

Bixler's report was filed with the Nebraska Secretary of State.

Ralph F. Beermann of Dakota City, who won the Republican nomination for Congress in the Third District, reported spending personally \$925 on his campaign. In addition, Adon Jeffrey reported that he spent \$840 on Beermann's behalf.

McKinney of Grand Island, Mid-State Reclamation Districts.

Censorship Ends

Algiers, Algeria (UPI) — Censorship was lifted in Algeria for the first time since the abortive French settlers revolt against President Charles de Gaulle last Jan. 24.

Young GOP Rolling Into North Platte

North Platte — The vanguard of several hundred Nebraska Young Republicans was arriving in North Platte Friday for their annual state convention.

Saturday morning's program calls for a coffee session at which Republican candidates will be asked questions about their platforms.

A noon buffet dinner is scheduled, followed by the annual business meeting at which officers will be elected.

Dawson County Attorney William Stewart Jr., Lexington, is opposed for State Young GOP chairman by George Wilcox and Jack Weststrand of Lincoln.

Mrs. Melba Scott of Lincoln is a candidate for state co-chairman.

Loran Schmit of David City, past state chairman who ran unsuccessfully for the GOP nomination for 3rd District congressman, seeks the office of Young GOP representative to the state central committee.

Election winners will be announced at a banquet Saturday night. Featured speaker will be Robert Gray, secretary to the President's cabinet. He is a former Hastings man.

MERLE E. JENSEN HEADS ENGINEERS

Merle E. Jensen of Columbus and formerly of Lincoln, has been elected chairman of the Nebraska Section of the American Society of Mechanical Engineers.

Other new officers are Charles F. Macchietto of Omaha, vice chairman, and Donald W. Moucka of Omaha and Keith N. Newhouse of Lincoln, members of the executive committee.

SOMETHING WENT WRONG—

Space Ship Cabin Now In Orbit, Too

... It Was Supposed To Head Back To Earth

Moscow (AP) — Something went wrong with the guidance system of Russia's experimental space ship and it slipped into a larger orbit during an attempt to change its course downward by remote control, Tass reported Friday.

The pressurized astronaut cabin was separated from the mother ship as ordered and the two now are cruising along around the earth, but not in the planned path, the Soviet news agency said.

The statement explained the mysterious shift in the space ship's orbit noted Thursday.

When the 4½-ton Sputnik was fired into orbit Sunday, the Russians announced there would be no attempt to recover the cabin and the dummy astronaut—the Soviets insisted he was only a model—inside.

It was supposed to be directed back to the earth and burn up in the atmosphere as previous Sputniks have done Friday Tass said.

"On May 19 an order was sent to the ship to switch on its braking device in order to deflect the ship down from its orbit and detach the pressurized cabin.

"However, as a result of a fault which had developed by that time in one of the instruments in the space ship's orientation system, the direction of the retro-rocket's blast deviated from that planned.

"As a result, the speed of the space ship, instead of being reduced, increased slightly and the ship slipped into a new elliptical orbit, lying almost in the same plane but

having a much higher apogee." The apogee is the orbit's maximum distance from the earth.

The old orbit was 188½ miles at its closest point to the earth and 225 miles at its farthest. The carrier rocket is still in that path. Tass said the new orbit ranges from 190¾ miles to 428¾ miles and the space ship goes around the earth in 94.25 minutes instead of 91.2.

Soviet scientists and commentators have reported much work and research remain before a manned satellite can be sent up.

Sparrow's Nest Causes Minor Blaze At Motel

A sparrow's nest between a neon sign and wooden siding caused a short-circuit which resulted in a fire late Friday at the Town and Country Motel, 3241 Adams, Assistant Manager Hen. J. Lickei said.

Firemen quickly put out the blaze which left a hole in the motel roof and slight smoke damage to the office interior.

Flights Opened

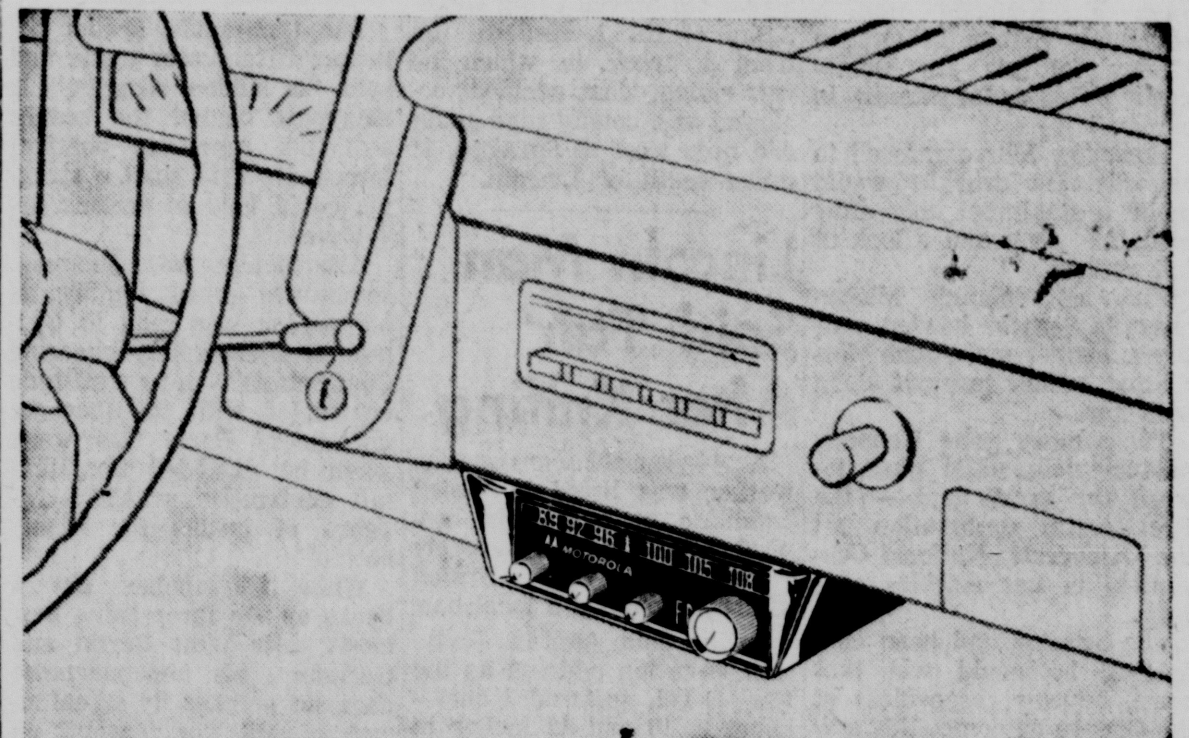

Rome (UPI) — Trans-World Airlines inaugurated a twice weekly passenger jet flight service between Italy and California via the Polar route.

Disappearing Assets

By WILLIAM O. DOBLER

Mention Africa to most people and they are likely to think of dense jungles and great packs or herds of wild animals. They may even think of cannibalism and a completely uncivilized continent. But a professional hunter from the British colony of Kenya has dispelled this notion while admitting that most Americans have far too little understanding of Africa.

Speaking in St. Louis, Eric Rundgren said of Africa that "our larger cities compare with those to be found in Europe or the United States. And most of Africa is not jungle, but open, rolling plain country like the American Midwest." But it is Rundgren's job, not his place of residence, which places him in conflict with the civilized world. He complained that he has been in civilization for nearly two months now and has had to wear a necktie nearly every day. He can hardly wait, he said, to get it off. Even if you don't understand Africa you can appreciate the difficulty of a professional hunter who has worn a necktie every day for two solid months.

The pleasure with which ties are cast off at the first opportunity probably establishes them as the number one enemy of most men. Many of us are really two individuals in one. On weekdays we are clean shaven with a white shirt and neatly knotted tie—a tie which matches our well pressed suit. But the fellow you see like this on weekdays is not the same fellow you see on Saturday afternoons and Sunday.

If a shave can be avoided over the weekend the opportunity is never missed. An open collar is standard equipment and a pair of baggy pants brings on a warm hearted feeling. You have probably seen men on week ends who you hardly recognized from their weekday selves. It may all be psychological but the Kenya hunter has our sympathy.

There was another more serious and disappointing aspect of this hunter's remarks in St. Louis. He predicted the end of the African safari within a relatively short period of time unless something is done to stem the current tide of mass destruction of big game in Africa. The salvation of African game, he noted, has been in the rigid control under colonial rule. But the rising tide of nationalism has given way to uncontrolled hunting. Control has been lost in the confusion of establishing self

rule and native tribes previously held in check have killed indiscriminately for food. This, if continued, would not only mean that the excitement of an African safari would become a thing of the past. It would mean, also, that one of the few remaining places on earth which has a large native population of big game would lose that distinction. The magnificent strains of animals which now roam the plains and jungles of the African continent would become extinct and the world would lose another important part of her history and her culture.

Unfortunately, this seems to be the pattern of growth and progress. The buffalo was nearly exterminated by complete carelessness on the part of the first white settlers in the western part of the United States. Other game and non-game birds and animals have experienced the same thing in past years. Nor has this kind of thing been confined to the animal kingdom.

For many years Americans have wasted their natural resources in complete ignorance of the extravagance this represented. Our forest lands were desecrated for many years until the industry and the federal government realized that a tremendous national asset was being needlessly destroyed. Our agricultural land was badly hurt until the concept of conservation became a reality.

We suffer yet today from our inability or refusal, for one reason or another, to control our streams and rivers and thereby save the precious topsoil which is so important to us. In the same way we diminish our water supply and show little concern for its future abundance. It has only been in the past few years that we have gained an awareness of the importance of sound conservation practices in the pumping of oil from Nebraska. As one frontier is conquered in this whole field of conservation, the years seem to present another. We gain one end or objective only to find that we have been shortsighted in another.

The incident of African big game is but one of many passing eras in which we find humanity incapable of disciplining itself for its own welfare and protection. Time has generally rewarded us with at least a partial cure for this ill in most cases but it is an area of concern which cannot be confined to any single nation or any single time.

No End To Potential

Eastern End Underdeveloped

Seven of the eight members of the Legislative Council Committee on Outdoor Recreation plan to leave Lincoln today for a six day inspection tour of the state's recreational facilities.

The first stop will be in the Fremont-Wahoo area. Then they will go on to the Niobrara State Park area, on then to Chadron, continuing from there to Fort Robinson, ultimately turning eastward to wind up the tour in the North Platte vicinity.

The trip is most timely for recreation is a growing subject in a progressing Nebraska. A close examination of the state's facilities by a legislative committee serves to give recreation the emphasis it deserves and speaks well for the future of that activity.

But the announced tour also points up another fact. Most of the state's prime recre-

ation areas range from central Nebraska to the extreme western portion of the state. Populous eastern Nebraska is noticeably behind in the development of its resources. Couple this with the fact that Nebraska covers an east-west distance of more than 450 miles and it becomes clear that the developed vacation areas of southern Missouri, Iowa and western Minnesota are more easily reached by eastern Nebraska people than some of the state's own attractive places—Fort Robinson, for instance. It is small wonder that several millions of dollars of Nebraska recreation money is still being distributed out of the state to the detriment of the Nebraska economy. It is to be hoped that the touring committee becomes impressed with the economic advantage of more diligent development of eastern Nebraska recreational resources.

Looks Like Horse Trading

During the past week the House Agriculture Committee went down the line for a price boosting, surplus-control wheat measure.

Stated in its simplest form it would provide a choice between two production plans, either the Farm Bureau's proposal to take the limit off production at reduced price supports, or this: cut acreage 20 per cent, raise the price support to 85 per cent of parity and compensate the producer for his loss in revenue by giving him the make-difference in wheat taken from the federal surplus.

The latter is similar to the Senate proposal though the latter would peg the price support at 80 instead of 85 per cent of parity.

The alternatives have the earmarks of horse trading more than true remedy. If they become the law their effect will prompt the producer to get out his pencil and fig-

ure how he will come out dollarwise, balancing off unlimited production at a low support against limited production at a higher support. This, of course, is a year-to-year approach and any contribution to the long range problem of a wholesome wheat industry would be purely by chance.

If the intent of the proposed legislation is to reduce surpluses then the acreage reduction alternative is superior to the Farm Bureau's thesis in behalf of unlimited production at declining support prices. The experience of the past eight years, under Secretary Benson, did not bear out his argument that poor prices would discourage production. The most stubborn opposition to this is in the field of wheat production where land use seldom permits any substantial form of diversification, and if the operator cannot grow wheat, he is virtually out of business.

Editorial Of The Day

Last Words: "Please Don't"

From The Des Moines Register

This May, for the first time in more than 600 executions at New York state's Sing Sing prison, a condemned man physically struggled all the way to the death chair. "Please don't," said Pablo Vargas as they pushed and dragged him in.

In England, where they hang (like Iowa) instead of electrocute (like Nebraska), the public hangman testified a few years ago at the hearings on capital punishment that in all his long experience, only one person

had struggled physically with the guards on the "last mile" to the gallows—and this person was a foreigner!

Arthur Koestler, Hungarian-born British crusader against capital punishment, went to town on that comment in his book, "Reflections on Hanging." So, proper Englishmen were supposed to go uncomplaining, unresisting to their doom! What a national ideal. Foreigners, from countries which have long since abolished capital punishment, are the ones who find it impossible to accept the idea and struggle to the last.

English-speaking countries are among the few civilized countries that retain the death penalty in peace time. But Anglo-American passivity in the face of certain death is not so much nonresistance to death as an acceptance of the verdict and an effort to make the occasion as nearly unpleasant as possible. Anglo-Americans know that when all appeals have been exhausted, the verdict of the judge or jury will be carried out.

In the prisons of the Soviet secret police (which Koestler has done so much to illumine for the outside world), the prisoners don't KNOW anything. They may not know what the charge is, what the punishment will be, and they can't rely on what the judge says. The judge may order the prisoner shot at dawn simply as part of a scare-tactic to get a confession the ruling officials want.

In some Soviet prisons, prisoners pass the word to others to yell like everything whenever tortured. Bravery will not impress the torturers, but noise gets on their nerves. The torture may be less prolonged because the prisoner screams.

DREW PEARSON

Reds Badly Need Eastern Germany

BERLIN—When you consider what's at stake in Berlin for Mr. K and for the Communist world, you can understand why he operates that way.

Walk past the Brandenburg Gate across the invisible line that separates West Berlin from East Berlin and you begin to get the picture. It used to be that East Berlin was a desert of rocks and rubble, twisted steel and signs reading "American bombers caused this destruction." Today Stalinallee, the showplace of East Berlin is a relatively prosperous, fairly attractive boulevard, with modern shops, solid, Moscow-type apartment houses, green parks set with gardens of pansies and calendulas.

Going beyond Stalinallee, beyond East Berlin, to East Germany the progress is even more remarkable. It shows why Khrushchev, to keep his place as leader of the Communist world, has to make an issue of Berlin.

Unlike West Germany whose production is enriching its own people, East Germany's production is drained off by Russia. Without East German production, Khrushchev's promises of a better life for his people would go bankrupt.

When the allies, including Russia, decided to carve up Germany in order to destroy its ability ever to make war again, the industrial West was put under the occupation of the United

States, France and England, the agricultural East was put under Russia.

For a time, the West Germans, unable to eat their wrecked machinery and blackened factories, were fed by the United States. Now they have rebuilt their country into the most prosperous in the world. They have accomplished one of the miracles of the post-war period.

But the East Germans, not because of Communism but because of the extraordinary energy of the German people, have also accomplished a miracle. Without East German industry the Soviet bloc economy, of which Khrushchev is so proud, could not function.

So in some respects Mr. K is a political prisoner. He is under compulsion to do what the Communist leaders of East Germany want or else see them drift over to the Chinese-Stalinist camp. And the East German leaders are inclined to be tough Stalinist followers anyway.

Across the invisible line that separates East and West Berlin, however, is another group of Germans, capitalistic, pro-American, also highly industrialized, far more prosperous, who are also playing for keeps. And the mere fact that they are across an invisible line, a constant haven for refugees, a continuing threat to Communism, is what makes the East Germans needle Khrushchev into delivering threatening speeches.

DORIS FLEESON

Public Interest A Minor Matter

WASHINGTON—The chief value of Thomas G. Corcoran's appearance before the Harris subcommittee is its brilliant illumination of the way in which federal regulatory agencies are determining the prices consumers must pay for essential goods and services.

To save himself, Corcoran, a brilliant technician with a rare background in government, is having to explain and justify the system under which he and his natural-gas clients have become rich. While the consumer plays no discernible role in it beyond that of final bill-payer, he can at least be grateful that his nulloity has rarely been more clearly exposed.

What Corcoran is describing in essence is a kind of grey area between what is allowed by law and encouraged by present custom.

Corcoran argued that his many off-the-record contacts with the federal power commissioners were made in broad daylight and constituted only a lawyer's duty to "take care of his client up to the limits of the law on the books at the time." What he expects of the commissioners was revealed in his description of a talk with William R. Connole, the commissioner whom President Eisenhower refused to reappoint.

According to Corcoran, Connole said, "I don't want to talk to you about the merits of the case." To this, Corcoran said he replied: "I

don't have much time to talk to you anyway."

Such arrogance has been possible because administration policy has been that regulatory commissioners must be in harmony with the interests they regulate. The case of Connole, only commissioner to oppose several gas price rises, indicate they will get fired if they are not.

In such case, all that remains for the industry is to take care of the other side of the street. In Corcoran they have one of Franklin Roosevelt's brain trusters who helped write the laws establishing the regulatory agencies. He has maintained his New Deal contacts with Speaker Sam Rayburn and Senate Majority Leader Lyndon Johnson who, as Texans sympathize with the general aims of the oil and gas industry. Sources friendly to Johnson have pointed to Corcoran as a major architect of Johnson's bid for the presidency.

The expensive fact is that natural-gas prices have risen three times as fast as the general cost of living. It has become also a \$50 billion industry.

This, according to Counsel Robert W. Lishman of the Harris subcommittee, is the result of negotiation, not regulation. In short, what has happened is that the government has ceased to try to regulate but only to negotiate treaties between the government and the gas interests.

A THOUGHT FOR THE SABBATH

Stories Of Famous Hymns

Great God, We Sing That Mighty Hand

Great God, we sing that mighty hand
By which supported still we stand;
The opening year Thy mercy shows;
That mercy crowns it till it close.

By day, by night, at home, abroad,
Still are we guarded by our God;
By His incessant bounty fed,
By his unerring counsel led.

With grateful hearts the past we own,
The future, all to us unknown,
We to Thy guardian care commit,
And peaceful leave before Thy feet.

In scenes exalted or depressed,
Thou art our Joy, and Thou our Rest;
Thy goodness all our hopes shall raise,
Adored through all our changing days.

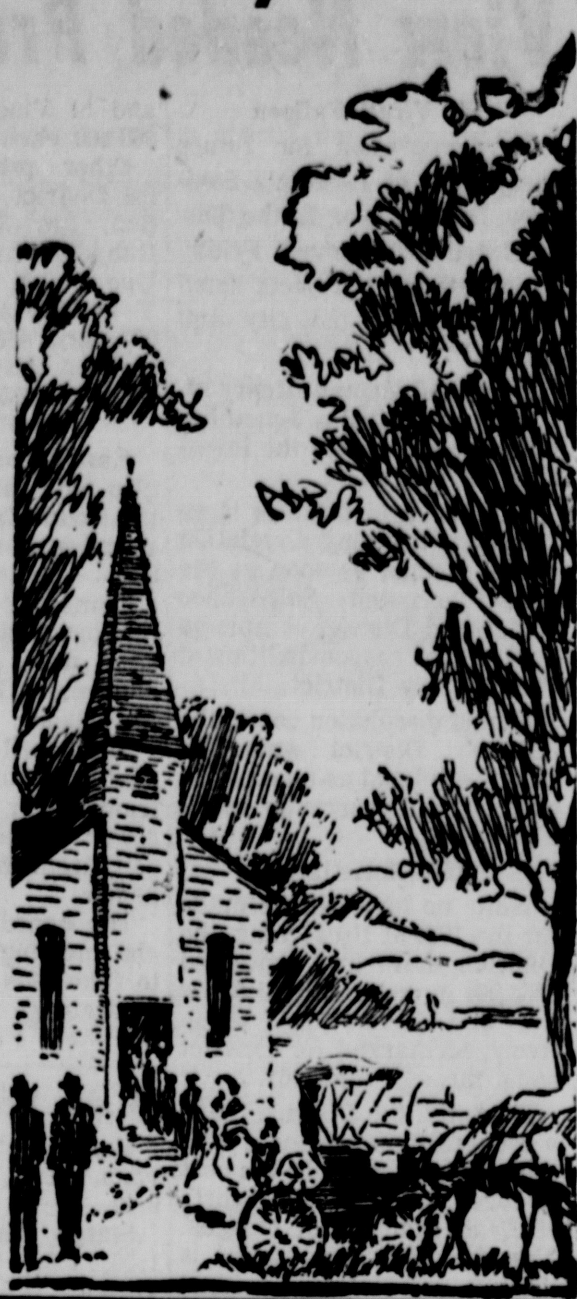

By HORACE B. POWELL

One of England's gifted hymn writers during the first half of the eighteenth century was the Rev. Philip Doddridge. He wrote more than 400 hymns during his lifetime.

During his life, his writings and poems appeared in manuscript form but several years after his death his songs were collected and published under the title, "Hymns Founded On Various Texts In The Holy Scriptures."

Mr. Doddridge served an independent congregation at Kibworth for many years. Each week when he prepared and set down his Sabbath Day message, he wrote a hymn embodying the doctrinal and devotional sentiment of his sermon and arranged to have it sung at the close of his preaching.

He was the youngest of a family of 20 children and was only 19 years old when he entered the ministry.

Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

Blunders

Hastings, Neb.

There are those who have a right to feel that the deplorable condition the President now finds himself in as well as this country can be laid squarely at the President's door! He blundered his way into it. His first blunder was when he let the Russians take Berlin. His next blunder was in announcing that if the occasion required, he would let Nixon take his place at the summit conference. He knew how much Khrushchev disliked Nixon. His next blunder was in letting the story get out that the plane shot down by the Russians was on a peaceful mission rather than a spy flight which he himself had ordered.

Here was the greatest blunder of all, considering that this spying business was to be carried out a handful of days before the summit conference.

No wonder that Mr. K. blew up! Under similar circumstances, we ourselves would have blown up, had Mr. K. ordered a spy flight over 1,600 miles of our own country just a few days before the summit conference.

That this incident will shake the teeth out of the Republican party's hopes for a victory in November ought to be apparent to all. It is certainly apparent to Dick Nixon now. The cold war will go on and be chargeable to a blundering president. It will continue four more years if Nixon becomes president. We might just as well face that fact now as later.

CECIL E. MATTHEWS

SOME PROFIT
Lincoln, Neb.
I am thankful that I belong to a party whose leaders are gentlemen. When the President makes a mistake, as I think he has done in this spy plane incident, they do not stoop to calling him a traitor, but consider it a mistake of the head and not the heart. One would think a general would have had this boy give only his name and serial number, as boys were trained to do if captured in war time. I feel that Eisenhower has been spending too much time play-

CECIL E. MATTHEWS

OGALLALA, NEB.

OGALLALA, NEB.

I have sent the following letter to 240 fraternity parents of the three fraternities who were recently disciplined by the university:

"I am writing you as a parent with the hope of encouraging your support to Dean Colbert, Chancellor Hardin and the Board of Regents in their disciplinary action of the three fraternities who damaged the Izaak Walton Club at Crete, Nebraska."

"Probably the boys, the Inter-Fraternity Council and alumni organizations feel the action too severe. They no doubt feel the incident and the damage have both been exaggerated. Whether the cost of repair runs \$800 or \$1,500 is not of primary concern here. The real damage is not the material one.

"How can you measure the cost of damage to character?"

"Should people sacrifice to send children to school only for them to learn that it is smart to 'get by' with this type of activity? Does 'getting by' contribute to the growth of the children in this generation who will be assuming the responsibilities in this troubled world? Their

present disregard for the law and lack of respect for other people's property, etc., can be corrected only by making an example of some of them and if it falls to a son of mine to be the example that can benefit young people of this generation, I would like to feel that the action could do some real good in the future.

"One parent's comment was? 'I suppose we should be grateful, with the excessive drinking at Crete, that they all returned to Lincoln safely.' Does this mean we should wait until one of ours loses his life or causes the death of some other before there is need for discipline?"

"If these boys are to learn to be men and assume a man's responsibility, we owe it to them to help them determine what the right sense of values is. Buying their way out of every situation cannot teach them this."

"In the interest of your son and of other sons and daughters in the future who need to know that laws must be respected and discipline is a very necessary thing, will you please write just a line to the office of Chancellor Clifford M. Hardin, University of Nebraska, Lincoln, Nebraska, to let these people know that you appreciate their interest in your son and that you are grateful for the action they have taken in this matter?"

ing golf and letting others run the government. If Mr. Truman had made such a blunder, the Nixons, McCarthys and others would have called him a traitor or worse.

Mr. Eisenhower has made many mistakes, but the greatest, I think, is trying to push Mr. Nixon off onto the American people. He is disliked the world over. On the other hand, Adlai Stevenson is admired and respected the world over.

Everything always happens for the best. If this incident shows the American people that Nixon is not the man for president, then we as well as all nations will profit.

Short Eyed As Possible Democratic Committeeman

By Don Walton
The name of Clive Short of Chadron made the rounds Friday as a possible candidate for the post of Democratic national committeeman.

Nebraska Democrats will elect a committeeman at their state convention late this summer.

Bernard Boyle of Omaha, who is completing his second

term on the National Committee, is expected to be a candidate for re-election.

Short, 49-year-old public utility contractor, told The Star by telephone that "if I thought I could serve the party better in that position, I sure would accept."

Predicts 'Change'
Short, who predicted that "a change will be made," said he had not yet been approached about seeking the post.

The Chadron contractor has served as Dawes County party chairman for 6 years, and as chairman of the 41st Legislative District 4 years.

Short was closely identified with gubernatorial nominee Frank Morrison of Lincoln in this month's primary election.

Morrison described Short Friday as "one of my best friends and a fellow for whom I have the greatest respect."

Not Approached
However, Morrison emphasized that he has not approached Short about seeking the national committee slot and that he intends to "keep pretty well divorced from party machinery business."

"I don't intend to attempt to dictate to the party," the nominee noted.

"We have some very fine potential political leadership. I am only interested in picking the best available."

"We've got plenty of it."

Boyle, Omaha attorney, was elected committeeman in 1952 in a close race with Morrison. He was re-elected in 1956 by acclamation.

4 Local Youths Pay \$1,550 For Assault Charge

Four Lincoln youths were fined a total of \$1,540 Friday in County Court on assault and battery charge in connection with their actions early Friday morning with two Lincoln women.

Duane George Mulder of 1201 West O was fined \$500 and Charles Henry Carney of 110 So. 28th, Deon Allen Magnuson of 2541 N and Jerry Morris Bagwell of 424 No. 25th were fined \$350 each by Judge Herbert A. Ronin. All 4 boys are 20 years of age.

The women, ages 22 and 23, told deputy sheriffs they went riding with the boys and that they parked southwest of Holland where the boys forced their attentions on them.

Judge Ronin told the boys the case was a "borderline felony," and they were lucky charges of rape or attempted rape were not filed against them.

CPPD Power Heads Meet

Some 45 Consumers Public Power District officials were in Lincoln Friday for their annual meeting.

Included in the group were 11 district managers and top supervisory personnel from general offices in Columbus and Lincoln.

Discussions covered a variety of subjects related to the electric utility business.

ANDERSON HARDWARE

Open Thurs. & Sat. Nights
Victor Anderson, Pres. Bill Peterson, Mgr.
6200 Havelock Avenue

Ivan E. Fleming Funeral Monday

Funeral services for Ivan E. Fleming, 64, of 6110 Walker, who died Friday, will be 1:30 p.m. Monday at Roper & Sons, 4300 O, the Rev. Gilbert Savary officiating.

Burial will be at Greenwood Cemetery, York.

Mr. Fleming, a lifelong resident of Lincoln except for 15 years in York, was a retired commercial artist.

He served as mayor of York from 1951 to 1953, and was a member of the American Legion, Veterans of Foreign Wars, Moose Lodge and First Congregational Church of York.

He was active in Boy Scout work, serving on the Cornhusker Council and the national advisory council.

Survivors are a son, John, of Lincoln; and two sisters, Mrs. Helen Allen of Lincoln and Mrs. Frank Reynolds of Jacksonville, Fla.

No Refugee Change
Berlin (UPI)—The collapse of the Paris summit had little effect either way on the flow of refugees from Communist East Germany to West Berlin, officials said.

God's Soil

...and it's time to conserve it...time to save it! It is evident, when we witness the increased destruction of timber lands, national cover crops and wide-spread erosion, *America needs a national Save-The-Soil-Week.* It is urgent that we treat Mother Earth with greater respect and appreciation. We must give back to her as much as we take away. There's no better time than during National Save-The-Soil-Week, to come to a full realization that

"The earth is the Lord's and the fullness thereof." We are stewards, appointed by God, to look after the earth He gave us. It is time to renew your faith in God and the Good Earth.

You In The Church The Church In You

— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

Ministers of all faiths and the community-minded firms below persuade you to read this Spiritual Values page and make it a part of your life... it is your heritage.

Gering Project Erased

Action Laid To Cost Questions

Washington (AP)—Construction funds for Nebraska's Gering Valley flood control project were eliminated Friday by the House Appropriations Committee.

In deleting the \$530,000 from the public works money bill for the year starting next July 1, the committee said cost questions on Gering Valley should be resolved before construction funds are appropriated.

Sufficient funds are available, the committee added, to complete advance planning for the project in Scotts-Bluff County.

The committee, in its report, noted Army Engineers' testimony that costs will be greatly increased over those originally contemplated and

Nebraska News

the possibility that additional authorization would be required before a start on construction.

Army Engineers, during hearings on the project, said it was urgently needed but added that planning now had reached the point where they were satisfied the original cost estimate of \$1,536,000 would "go up greatly."

The committee was told the Gering Valley situation was changed by a 1958 flood which altered the amount of work needed to solve the problem there.

Other Nebraska projects in the bill were not changed.

They include these construction funds: Ainsworth \$1,500,000; Farwell \$7,700,000; Frenchman-Cambridge \$5,439,000; Bostwick Division \$821,000.

Planning funds — Cedar Rapids Division \$252,800; Salt Creek and tributaries \$162,000 and Shell Creek \$75,000.

The measure also provided \$10,000,000 for the Big Bend Reservoir on the Missouri River near Chamberlain, S. D.; \$400,000 for Fort Randall Reservoir near Lake Andes, S. D.; and \$53,500,000 for Oahe Reservoir near Pierre, S. D. These were the same amounts asked by the president's budget.

Also provided were \$5,600,000 for Missouri River channel stabilization between Omaha and Sioux City, and \$2,800,000 from Omaha to Kansas City. For Missouri River agricultural levees, Plum Creek to Council Bluffs, \$175,000 was provided. The budget had carried nothing for this project.

Value Of State Farm Land Goes Up One Per Cent

Washington (AP)—The value of farm land in Nebraska during the year ended March 1 increased but one per cent, while for the nation as a whole, the increase was 3%.

A survey Friday showed that the states of Georgia, Massachusetts, Rhode Island and Washington led in the percentage of increase with 7%. In no state was there a decrease, but Illinois farm land values held unchanged.

Increases for other states nearby Nebraska, as reported by the Agriculture Department, included: Iowa 3, South Dakota 1, Kansas 3, Wyoming 5, Colorado 5, and North Dakota 2.

ICBM's Potential Stressed

... By Gen. Power

Omaha (AP)—Gen. Thomas S. Power said Friday the minuteman intercontinental ballistic missile has the potential of being the major weapons system of the Strategic Air Command.

The SAC chief quickly added it would not be the command's exclusive weapons system.

"I can't foresee the day when there won't be a requirement for human brains over enemy territory," he said.

The general, who was head of the Air Research and Development Command when the present stepped-up Amer-

Nebraska News

ican missile program began, said that in the field of misilry "our" performance has exceeded expectations."

Gen. Power, speaking to a group of Iowa and Nebraska radio and television newsmen at SAC headquarters, said one of the great advantages of the minuteman will be that it is cheap both in cost and in manpower to operate it.

The minuteman is a solid fueled missile now expected to be operational in 1962. A SAC spokesman said the Air Force can buy 8 minutemen and launching facilities for the price of one Atlas or Titan ICBM and their launch facilities. The Atlas is now operational and the Titan is in final phases of development.

Gray Cancels G.I. Speech

Grand Island (AP)—Robert Keith Gray, secretary to the Cabinet, was forced Friday due to the return of President Eisenhower from overseas to cancel out on a scheduled Republican party fundraising dinner in Grand Island.

Sen. Carl Curtis, Nebraska Republican, was announced as Gray's replacement for the dinner address. Gray, a native of Hastings, sent his regrets to party officials Friday morning.

State Republican Chairman Charles Thone said Gray would keep his date at the Young Republican convention in North Platte Saturday and a speech engagement in Scottsbluff Monday.

Symphony Ball Heady Success

A gala event of the spring social season was the Symphony Guild Headdress Ball held on Friday evening at the Hotel Cornhusker.

Even more exciting than the 14th century decor of the ballroom were the elegant headdress creations worn by the 20th century women in attendance.

A highlight of the evening was the judging of milady's chapeau in five categories: the most beautiful; most exotic; most original; most humorous; and best portrayal of theme. The winners, left to right, are, Mrs. George Wright, Mrs. Carl Deitemeyer, and Mrs. LeRoy Schoonover.

Dear Abby--
Abigail Van Buren

DEAR ABBY: I am a woman 50 years of age. I am in love with a man who is 32. He has a wife and two boys who are 7 and 9. He wants to leave his wife and marry me, but she said if he leaves he will have to take the boys with him as she can't handle them alone.

She knows all about us, as I have told her. Abby, I want this man, but I don't want those boys of his. Will the court force him to take the boys? Or will they make the mother keep them whether she wants them or not?

TOO OLD FOR KIDS
DEAR TOO OLD: Talk to a lawyer about who will be "forced" to keep the boys. From the picture you presented of their mother, father and yourself, I sincerely hope the court finds a good foster home for the boys. They could hardly do worse than to wind up with any of you.

DEAR ABBY: My wife's sister lives with us. She is 36, not bad looking and can talk your leg off. She's had three husbands and couldn't live with any of them. This woman is able-bodied but refuses to get herself a job. She sits around all day and my wife gives her money for the beauty shop. We also buy her clothes.

I make very good money. My only extravagance is playing the horses. I never gamble over my head, so that's my business. If I refuse my wife or her sister any money, they throw it up

to me about the horses. The last straw came when this sister-in-law told us she won't go to work until she gets her nose beautified. It will cost \$600. My wife told her to go ahead and get it done and we will pay for it. What is your opinion of this?

DEAR BERNIE: If you want to put your money on a horse's nose, no one can stop you. But you don't have to put it on your sister-in-law's nose unless you want to. You've been far more generous than most brothers-in-law would have been. Tell them enough is enough.

DEAR ABBY: Two years ago my wife's sister agreed to pay us \$75 for our dining room set. I hauled it over there and she gave me \$10 on it. Time went on. Nothing was said and nothing more was paid. I wrote her a letter asking for the balance but it was ignored.

Her daughter was recently married. She gave her the dining room set as a wedding gift. Should we ask the daughter and her husband for what is owed on the furniture?

DEAR GYPPE: You should NOT ask the daughter and her husband for what is owed. Your wife's sister made the deal with you; SHE still owes you the money.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, enclose a self-addressed envelope.

Farewell Courtesies

In farewell courtesy to Mrs. Joel Markell who with her family will be moving to Los Angeles, Calif., in June, a group of 25 friends will entertain at a no-hostess luncheon at Tillman's Cave on Wednesday, May 25.

On Thursday, May 26, Mrs. Arthur Hill and Mrs. Lou Orloff will honor Mrs. Markell at a card party and dessert supper. The 12 guests have been invited to the Orloff home for the evening.

Alumnae members of Sigma Delta Tau sorority also will honor Mrs. Markell on Saturday when the group meets for luncheon at the Hotel Cornhusker. Sharing honors with Mrs. Markell will be Miss Naomi Kaufman, graduating senior of the active chapter.

Mrs. Markell shared honors with Mrs. Robert Walker on

Thursday morning, May 19, at a farewell coffee given by Mrs. Jack Snider, Mrs. Donald Huffman and Mrs. Hugo Heermann at the Snider home. Twenty five of the honorees Sigma Alpha Iota music sorority sisters were on hand for the affair.

Mr. and Mrs. Walker will make their new home in Geneva.

Town Talk New Board Of Fairbury Club

The news tells a flattering tale of guests — arrived and arriving—who are former Lincoln residents, and who are making brief visits in their old home town.

Already here are Mr. and Mrs. James Sine of Los Angeles, who are the house guests of Mrs. Sine's aunt, Mrs. W. B. Rose. Mr. and Mrs. Sine (she is the former Rachel Trester — Kappa Alpha Theta at Nebraska) stopped off in Lincoln en route home from the east coast where they visited their son-in-law and daughter, Lt. Cdr. and Mrs. Frank M. Posch at Newport, R.I. Before coming on to Lincoln there was another stop at Wadsworth, Ill., where the travelers were the guests of Mrs. Sine's brother-in-law and sister, Mr. and Mrs. George Howerton (A'Louis Trester).

Town and campus circles of the 1942 vintage, will remember Ben Alice Day, now Mrs. John C. Munn, daughter of Mr. and Mrs. George T. Day—Mortar Board and Alpha Xi Delta on the Nebraska campus. Mrs. Munn and her husband, Lt. Gen. Munn, USMC, will be arriv-

ing in Lincoln on tomorrow for a Sunday-to-Tuesday visit with Mrs. Munn's parents. Gen. and Mrs. Munn came to Lincoln from Glenview, Ill., where Gen. Munn was the speaker on Armed Forces Day. From Lincoln they will return to their home in Washington, D.C.

Now for social activity on the Saturday calendar—This morning Mrs. Gardiner Moore and her daughter Miss Margaret Moore will be 10 o'clock coffee hostesses at their home when they pay pre-nuptial courtesy to Miss Virginia Schilling, whose marriage to Donald Campbell will be solemnized on Aug. 13. Fifteen guests were invited and the bride-elect was presented with a pot-tery shower.

Another of the popular brides-to-be, Miss Ruth Prochaska, and her fiancé, Roger Rankin, will be honored this evening when Mr. and Mrs. W. H. Carson are a dinner host and hostess at the Lincoln Country Club.

Out of town guests at the party will be Miss Prochaska's parents, Mr. and Mrs. Ed J. Prochaska of Ogallala.

New officers of the Fairbury Woman's Club are (seated, from the left) Mrs. Will G. Bauer, president; Mrs. Harold Vance, first vice president; and Mrs. Julia Johnson, second vice president; and standing (left to right) Mrs. Frank Girdner, third vice president; Mrs.

Harry Messenger, recording secretary; Mrs. Jim Winslow, treasurer; Mrs. Paul Stark, custodian; Mrs. S. M. Cressman, outgoing president; and Miss Gertrude

Wehling, corresponding secretary. The club recently voted funds for a \$50 scholarship for Fairbury College to be presented to a Fairbury High School senior girl.

The bidding:
West North East South
1♥ 2♦ Dble. 2♠
Pass Pass Dble.

Opening lead — king of diamonds.

The question of whether to double an opponent for penalties when the opportunity arises, or whether to bid over an overall or pass, is often laden with indecision. Experience is no doubt a great teacher in this regard, but uncertainty is nevertheless frequently associated with the penalty double.

Consider this deal from a rubber bridge game. West opened a hand weak in high cards but strong in distribution. North overcalled two diamonds — a dashing venture into the unknown, in view of the shaky trump suit and the vulnerability.

East had a problem not clearly soluble. He had the values for a two spade bid, but he could not be sure his side would be headed in the right direction. If West lacked spades, the outlook for

game would not be bright, and the spade call, being forcing, might drive the partnership beyond its depth.

A pass over two diamonds could scarcely be considered, since East had too much strength to assume a posture of weakness by passing. So East compromised by doubling two diamonds, hoping he would take three tricks and that West, who had opened the bidding, would also take at least three.

East, it turned out, was right in his thinking. Two diamonds could be defeated and East-West had no game. However, the matter didn't rest at two diamonds doubled.

South, for reasons unknown, rescued with two spades. When this rolled around to East, there was no doubt in his mind about what to do. He DOUBLED! Everybody passed and that became the final contract.

South made three! The only tricks lost were two diamonds and two spades.

The moral appears to be that it is better to double with poor trumps than good ones. Of course this is not so, but the old rule about being super-cautious not to double the opponents into a game seems to be valid so far as this hand is concerned.

Two diamonds doubled and made is not nearly so expensive an experiment as two spades doubled and made.

The News From Suburbia

PARK MANOR

Heard of a new couples' club in the suburb that sounds like fun. The couples concerned, Mr. and Mrs. Roger Olson, Lt. and Mrs. Peter Hershey, Mr. and Mrs. Lonie Charlson, and Mr. Mrs. Jack Way and Mr. and Mrs. Gary Scott, get together every Tuesday night to try their bowling skill. And every five weeks the losers treat the winners at a picnic. The group started its sessions on Tuesday, May 10.

A visitor in Park Manor is Mrs. Elfriede Wickemeyer of Cleveland, O., who is the house guest of her son-in-law and daughter, Mr. and Mrs. Milton W. Meyer. Mrs. Wickemeyer arrived in town on May 9, for a three-month visit.

Understand that Mrs. Dale Edwards was hostess last Monday evening to the members of a Park Manor bridge club at a dessert supper at her home.

Leaving Lincoln last week end to make their new home in Big Rapids, Mich., were Mr. and Mrs. Casey Heckman and their daughter, Pat. Mr. Heckman is to be manager of a local radio station.

June bride-elect Miss Janice Rediger was honored last Tuesday evening at a dessert supper and personal shower for which Miss Karen Roseberry was hostess at her home.

Miss Rediger and her fiancé, Chester Arnold Beckman, plan a Friday, June 17, wedding at Calvary Evangelical United Brethren Church.

PATRICIAN HEIGHTS

A new member of the basin set in the suburb is

Miss Cathleen Theresa Clinton, daughter of Mr. and Mrs. Francis Clinton, who was born at St. Elizabeth Hospital on Saturday, May 14.

Cathleen's paternal grandparents are Mr. and Mrs. Ray Clinton, and William Solfermoser of West Point

is the maternal grandfather.

Attending the banquet of the Housewives Bowling League No. 2 held at the Legionnaire Club on Wednesday were two of our suburban bowling enthusiasts, Mrs. Albert Priess and Mrs. Dan Holmstedt, who are league members.

Heartwarming Housewarming

For Mr. and Mrs. Charles Wright the address 6130 Everett St. was a double pleasure on Friday evening. First, Mr. and Mrs. Wright are just settled in their new home—and second only to the pleasure of their new house, was the housewarm-

ing surprise party planned by a group of their friends.

In the picture, left to right, are Bill Campbell, Mrs.

Charles Wright, Mrs. Campbell, Mr. Wright, Dr. Robert Burton, Mrs. Bob Reynolds and David Olson.

New officers and members of the General Arnold PTA at the Lincoln Air Force Base were guests Friday afternoon when the room mothers of the school entertained at tea. Pictured (from the left) are Mrs. Kermit Garland, secretary; Mrs. Arthur Handel, treasurer; Mrs. Clifford

Bilek, first vice president; and Mrs. Joseph Speck. Other new officers of the unit are CM Sgt. Hilton Fritsch, president; Mrs. Harold Hawkins, second vice president; and Corwin Enevoldsen, principal and third vice president.

BY SYBIL WEBBER

Everyone we talk with is in the process of packing so we might as well title this a column of "farewells." For this week, at least.

... there was a punch party Wednesday afternoon at the Wilbur Beezley quarters on Castle Drive in compliment to Mrs. J. A. Hutchison, leaving soon for Carswell AFB, Texas. About 28 guests were asked. Hostesses for the affair were Mrs. Beezley, Mrs. C. F. Gove, Mrs. Robert S. Buckley and Mrs. James Jelley.

... and another courtesy on Wednesday was the luncheon hosted by Mrs. Raleigh D. Smith for Mrs. John Thompson and her mother, Mrs. Mable Winter. Places were arranged for 12 guests. Mrs. Winter, here from her home in Mason City, Ia., is spending a few days with the Thompsons prior to their departure later this month for Morocco.

... on Friday morning Mrs. Robert D. Crooks was

a coffee hostess at her quarters on Michael Street. Twenty-five guests called to bid farewell to Phyllis Thompson and Smitty Britt. Col. Britt will be here this week end to ready his family for their move to Little Rock, Ark., where he has already assumed command of one of the B-47 training wings at the base. They expect to leave about Tuesday of next week.

... and Friday night Major and Mrs. Jim Myers hosted a canape party at their quarters in honor of Lt. Col. and Mrs. John Thompson. Twenty-six guests were asked for the occasion.

... then at noon tomorrow at the Officers Club there will be a brunch for the Britt and Thompsons, with Col. and Mrs. Elkins Read, Jr. and Col. and Mrs. John Twilley as hosts and hostesses. Invitations have been issued to 50 guests.

See what we mean by farewells...

CLUBS

Alumnae of SIGMA KAP-PA sorority will meet for a 10 o'clock brunch on Saturday morning at the home of Mrs. John C. Weaver, 2415 So. 37th. The affair will honor the seniors of the active chapter.

The Women's Division of the CHAMBER OF COMMERCE will honor 29 chapter presidents and state officers of the Future Homemakers of America in the Lincoln area at a brunch Saturday morning at the Nebraska Student Union.

Miss Gunel Ataisik of Turkey will speak, and the program will include a tour of the State Historical Society.

The THETA XI AUXILIARY members and their

families will meet Sunday afternoon for a 1 o'clock covered dish dinner. The affair will be held at the chapter house.

In charge of arrangements will be Mr. and Mrs. Harold Marks, Mr. and Mrs. Kenneth Kent, Mr. and Mrs. M. A. Basoco and Mr. and Mrs. Edgar Cole.

The last meeting of the year for the PERSHING SCHOOL MOTHERS Club was held Tuesday afternoon. The 400 attending heard a talk on books for children by Mrs. Gladys Douglass, followed by a program of songs by the third and fourth graders.

New officers were installed and were honored at the social hour.

Does your lawn seem to be thinning out? Does it seem to have a heavy layer of dead grass on the ground?

If this is the description of your lawn, no doubt you have "melting out" Fungus and should be using one of the following fungicides recommended below.

Applied with a sprayer		
SCOTTS SCUTL		
2,500 Sq. ft. Bag	1.95	5,000 Sq. ft. Bag 3.25

The following applied as a spray:

—NEBRASKA SENDS 7 TO FINALS—

Jays Open Huge Big 8 Advantage

...DEFENDING CHAMPS QUALIFY 23

Lincoln Star Special
Ames, Ia. — The University of Kansas was off running toward its 9th straight Big 8 Conference outdoor track championship here Friday.

Coach Bill Easton's Jays hawks qualified 23 men for Saturday's finals, nearly doubling the total on the nearest contenders.

Oklahoma, the upstart that ended Kansas' indoor reign in February, was well back with just 11 qualifiers.

Missouri surprised with 12, Nebraska, Colorado and Kan-

How Huskers Fared

Joe Mullins—Qualified for 880-yard run finals. Won his heat in 1:52.8.

Ken Ash—Qualified for 880 finals. Ran fastest 3rd with 1:53.5, better than winning time in his two heats.

LeRoy Keane—Placed 2nd in 2nd heat in 2:20.9 low hurdles. Failed to qualify in 1st.

Bill Fasano—Qualified for 1200-yard high hurdles with 3rd place in first heat. Failed to qualify in low hurdles.

Tony Davis—Had 4th best qualifying toss in discus at 152-0 to be one of 7 finalists.

Al Wellman—Qualified with 6th best discus toss of 149-4. Did not qualify in shot put with put of 49-4.

Howard Neller—Failed to qualify in javelin. Best throw 169-5.

Milt Haedt—Failed to qualify in high hurdles. 7th in second heat.

Steve Smith—Failed to qualify in high hurdles. 5th in his heat.

Joe Mullins, NU captain who is going for a repeat in the 880-yard run, won his heat to qualify for the finals. But he faces some tough opposition.

Joe powered his way to the finish ahead of Bill Dotson of Kansas and Gail Hodgson of Oklahoma in 1:53.6.

The best heat was won by Bill Stone of Oklahoma State,

who was clocked in 1:52.8.

In that heat Nebraska's Ken Ash posted a fine 1:53.5 in 3rd place. It gained the Omaha place in the finals. His 3rd place time was better than Mullins' winning effort.

Only one record was established — and that was an odd one.

Stucker Sets Mark
Rex Stucker, Kansas State's fine hurdler, pumped the 220-yard lows in :23.0. This was over a straightaway course, bettering the record under those conditions which was :23.2 by Don Smith of Kansas in 1953 and Levan Gray of Missouri in 1955.

However, Charlie Tidwell of Kansas owns the record for the lows around one curve, supposedly tougher to run, in :22.7.

Besides Mullins and Ash in the 880, Nebraska got qualifying places out of Bill Fasano in the high hurdles, LeRoy Keane in the low hurdles, Al

Wellman in the shot put, and Howard Neller in the javelin.

Fan Club Members ONLY!
Play ball with Chiefs!

Baseball Clinic
Saturday, May 28
10 a.m. to noon
Sherman Field

- Work out on the field with Chiefs
- Learn batting, pitching, running and sliding tips from the pros
- Get some help on how to be a better player from experienced league men.

Wear your official Member's T-Shirt
to get into the Baseball Clinic

Be sure you're a member of Miller's official Lincoln Chief T-Shirt Fan Club to get in on the fun. You get an official membership card making you eligible for all special activities (like the Baseball Clinic) and privileges. You attend activities given exclusively for Miller's Lincoln Chief Club members.

Official white cotton T-Shirt, sizes 4 to 16
Exclusive in Miller's Boy's Shop, Third Floor

Join the T-Shirt Club this Saturday—
be ready for Baseball Clinic
Next Saturday, May 28.

K. Peterson, Lancaster Outstanding Nebraskans

Karen Peterson of Lincoln, a senior in Teachers College, and Dr. Lane Lancaster, professor of political science who will retire this year after 30 years of service, were named Friday as "Outstanding Nebraskans" for the spring semester at the University of Nebraska.

Both a student and faculty member are selected for the title each semester by the Daily Nebraskan, the student newspaper, from nominations submitted by its readers.

Miss Peterson's letter of nomination said in part: "She has been president of Mortar Board and helped to initiate the new program of counseling introduced this year in the Women's Residence Halls."

She is a Phi Beta Kappa member and was named outstanding senior woman by the American Association of University Women.

Dr. Lancaster's letter of nomination said: "He is a recognized authority in the field of political science and has been a favorite of stu-

dents for years. He also has always spoken out for what he believed and encourages the students to think."

Dr. Lancaster served as chairman of the political science department and was the first recipient of the Distinguished Teacher Award, presented by the University Foundation.

KOHLIGIAN BUSINESS AFFAIRS HEAD FOR EDUCATION CENTER

Martin Kohlligian, food service director of the Nebraska Union, has been named managing director in charge of business affairs of the \$3 million Nebraska Center for Continuing Education, which is now under construction on the University of Nebraska's College of Agriculture campus.

University Business Manager Carl Donaldson, who made the announcement, said the appointment is subject to the approval of the Board of Regents. He said the new position is in a sense a promotion for Kohlligian and will give him a greater responsibility.

Open Next Spring

"He was selected because of his excellent work in planning and operating the Union food service since the new Union addition was put into operation in 1958."

Kohlligian's new position

68 NU FRESHMEN MEN IN SCHOLASTIC HONORARY

Sixty-eight University of Nebraska freshmen men will be honored Saturday evening at their initiation into Phi Eta Sigma.

The fraternity is an honorary organization which recognizes outstanding scholastic achievement of freshmen men. The students initiated must maintain a 7.5 average or higher their first year at the University.

Two honorary members,

Dean Merk Hobson of the College of Engineering and Architecture and Dean Walter Miller of the College of Arts and Sciences will also be initiated into the organization at the Nebraska Union.

The students:

Richard C. Altrock, Omaha; James A. Anderson, Hartington; John P. Anderson, Omaha; Roy G. Arnold, Tekamah; Kenneth P. Barton, Omaha; Roland N. Bateman, Kearney; Irvin S. Belzer, Omaha; Dan R. Blazek, Omaha; David Bliss, Davenport; John D. Boellstorff, Johnson; Edward C. Collett, York; Larry L. Dornhoff, Heartwell; Thomas F. Eason, North Bend; John F. Elze, Elm Creek; Donald J. Epp, Lincoln; Richard C. Farley, Lincoln; Jon C. Fromme, Sioux Falls, S.D.; David D. Fairchild, North Platte; Stephen J. Gage, Lincoln; David M. Gleason, Beatrice; Kenneth E. Gobber, Auburn; William G. Gregory, Tabor, Ia.; David B. Gustafson, Norfolk; Donald L. Hackman, York; Larry M. Hammer, Greenwood; Jerry D. Harris, Kearney; Harvey L. Hartman, Seward; Ronald R. Havelock, Hooper; Robert H. Hill, Lincoln; William E. Holland, Overton; Donnie L. Jelenc, Ravenna; Donald G. Juhl, Des Moines, Ia.; Harold K. Kalman, Omaha; George H. Krauss, McCook; Bailey H. Kuklin, Lincoln; Robert G. Ladd, Albion; David A. Lindsey, Nebraska; Robert S. Lingo, Blair; Elvin R. Lukens, Scottsbluff; Joel D. Lundak, Lincoln; Donald J. McGurk, Lincoln; Burton J. Merrick, Lincoln; Ronald L. Morse, Getzenburg; Richard P. Nelson, Lincoln; Craig R. Nolte, Lincoln; Monte C. Nowak, Blair; James F. Panzer, Bassett; Keith M. Phillips, Grand Island; Alan L. Plummer, Bayard; Alan G. Rada, Fairbury; James D. Reiser, Crab Orchard; Frederick R. Rickers, Wayne; James M. Samples, Aurora; Marc P. Samuelson, Omaha; Gene H. Schellinger, Pierce; David A. Scholz, Bellevue; Donald G. Schueler, Harney; David L. Sorenson, Falls City; Charles T. Spooner, North Platte; Gary L. Starkey, Ashland; Olaf M. Stokke Jr., Lincoln; Dwight V. Sutton, Concord; Stephen J. Tempero, Lincoln; John Truell, Omaha; Stephen M. Valder, Tekamah; Michael R. Voelcher, Orchard; William T. White, Kearney; and Roger G. Williams, Johnson.

Soapbark is the bark of a large Venezuelan tree and is used as a substitute for soap.

ed their Free Want Ad Coupon quickly learned of the heavy e is what many of these young about their experience.

had 8 calls on the bicycle and only 2 on the electric guitar. I am still anxious to sell my guitar and plan to run an ad later on."

"I would say I had very good results from my ad. About 20 calls on bike and I asked \$20 for it and got \$17.50. Not so many calls on my clothes. Sold a few."

"I had seven inquiries from my Want Ad and sold my bike on the second inquiry."

"By 3:00 p.m. Sunday afternoon, both

the bicycles were sold and gone. We sold each one for \$3.00, which I thought was very good, considering the condition of the bikes. P.S. I think it was a wonderful experience and the results were very good. We still have many people calling us for them."

"I had tremendous, I had over 10 calls and had no trouble selling my bike."

"I had good luck selling my bicycle. I had 33 callers for my bicycle. The first one who came in a car got it. He gave me a check for \$15.00. I was sur-

"We had 4 calls on the bike and sold it to the first (and only) one that came to see it."

Mother Urges Parents To Support University

Ogallala — An Ogallala mother has urged parents of 240 youths involved in disciplinary action taken against fraternity members who damaged a Crete cluo to support University of Nebraska officials.

However, Mrs. G. L. Ellithorpe said "I'd like to reach more parents than those whose sons were disciplined. I am sure there are many who are guilty but have escaped punishment."

Dean of Student Affairs J. P. Colbert said Sigma Phi Epsilon, Sigma Nu and Sigma Alpha Epsilon had been placed on probation for a drinking party at the Izaak Walton League Clubhouse at Crete April 30.

\$1,500 Damage

Saline County Sheriff John Tesar estimated damage to the clubhouse at from \$800 to \$1,500, and said apparently a truckload of liquor and beer had been consumed.

Mrs. Ellithorpe, Ogallala civic leader, asked in her letter:

"Should people sacrifice to send children to school only for them to learn it is smart to 'get by' with this type of activity? Does 'getting by' contribute to the growth of the children in this generation who will be assuming the responsibilities in this troubled world?"

"Their present disregard for the law and lack of respect for other people's property can only be corrected by making an example of them, and if it falls to a son of mine to be the example that can benefit young people of this generation, I would like to feel that the action could do some real good in the future."

Plane Falls Attempting Mt. Rescue

Talkeetna, Alaska — An aircraft participating in the attempted rescue of the other 4 injured climbers from the treacherous, icy flanks of Mt. McKinley crashed at the 18,000 foot level.

The lone occupant, pilot William Stevenson, Anchorage, was spotted sitting in the snow beside his smashed, burned plane apparently unharmed.

The FAA here said the Cessna 180 which smashed onto the mountain was participating in a vast rescue operation now under way to bring the injured climbers off McKinley.

Earlier Friday, an Alaska bush pilot landed his small plane on the mountain and picked up Mrs. Helga Bading, an Anchorage climber who became seriously ill while scaling McKinley.

Four Pacific Northwest climbers who were seriously injured in a fall high up on the mountain were still to be rescued.

Don Sheldon of Talkeetna was piloting the small craft which whisked the critically ill Mrs. Bading from the mountain. She was to be taken to Talkeetna, then transferred by Air Force plane to an Air Force Hospital here.

Ground parties, spurred by a radioed plea that "we are getting desperate" inched their way up Mt. McKinley's treacherous sides in an effort to reach the four. Their condition was described as critical.

CORN'S A'POPPING

Sherm Bastron, 12, son of Mr. and Mrs. Victor Bastron of 6112 Platte St. pops corn at the annual Cub and Scout Exposition at the State Fair Grounds. He's from Troop 1. More than 100 scouting exhibits are on display. Saturday from 2-5 p.m. and 7-9. (Star Photo)
